# Testimonials

Some kind words from happy parents with happy children!

*"My son goes to French school and he was only 5 years old when we thought that a summer camp in France would help him socialise and practice his French. This summer camp proved to be much more than we expected. He enjoyed the perfect combination in between French lessons in the classroom and the activities outside – tree climbing, going to the market and to the chocolate maker shop. Although very shy, I think all the wonderful people there made him more relaxed and more confident with his French. All was so good that Alex is already planning his return to Morzine this summer."*

**Christina**

*"My kids spent a week at Alpine French School this summer and absolutely loved it. Not only did they learn a lot and enjoy the French lessons in the morning, but they loved all the new friends they met and the afternoon activities the school organised. The staff and teachers for the kids were wonderful and really made the experience memorable for the kids. The location of the school is also perfect with Morzine being an ideal place for lots of activities to keep the kids busy and happy. Highly recommend it!!"*

**Emily**

*"Our children had an amazing experience. At the beginning they were reluctant to join the course but now they want to repeat it next year. Lots of fun mixed with learning."*

**Francesco**

*"Fantastic French camp! My kids loved the teaching and the afternoon activities. Highly recommended."*
