"I really liked my course at the Alpine French School. I came here to get better at speaking French and I think the school helped me out a lot. In my 2 weeks here, I learned a lot of grammar and vocabulary and I am now much more confident in speaking French. I really liked the climate in the classroom, because the classes aren't too big and everyone is encouraging you to speak French. The course met my expectations as we did a lot of speaking exercises and it made me feel more confident"

Yannick Schleup, Switzerland

"The school was extremely professional in its approach to providing excellent teaching. My expectations of the course were met and French language was used at all times so we were totally immersed. The teaching materials were excellent, don't change anything!"

John Grauer, Australia

Our children always really enjoyed the lessons and progressed a lot. Morzine is a great place for young teenagers to be as there is so much to do in the summer and it always feels safe. I wouldn’t hesitate to recommend Helen and her team.”
